YOU CAN EARN TEN DOLLARS.

Name our female bear. We will give ten dollars in gold to the lady or girl that will give the bear the most appropriate name.

Conditions.

Write name on a slip of white notepaper, 2x4 inches, your own on the reverse side. Deposit it in the tin box provided for the same at the Emporium Carson, on or before the 20th day of October. The box will be shook up, and one of the slips drawn out. The slip taken out names the bear and the lady furnishing the name will receive the \$10. No condition of purchase. **FREE TO ALL.**

The Vitagraph Changes Program.

Last evening the Vitagraph introduced a new feature, and while it pleased the children mightily, yet the audience in general desire something more substantial.

Tonight there is to be a general change of program, an evening of pictures and illustrated songs will be given. The pictures are to be the great feature, as the best film will be shown, making nearly an hour of this delightful entertainment. The films which have attracted the most attention are to be shown.

Louis David was among the arrivals of yesterday. Louis has been out of the state for several years and his brother Elmer has had a hard time making the boys believe that he is his little brother.

J. P. Woodbury and Oscar Woodbury who have been taking in the sights at the Bay have returned to this city.

D. L. Bliss was among the visitors of yesterday.

A SUGGESTIVE TITLE.**A Ruby Hill Miner Sends the Appeal a Name for the Rump Party.**

Ruby Hill, Nevada, Sept. 9, 1904.
Editor of the Appeal:—Up here in Ruby Hill where our population has fallen from thousands to hundreds, because of the great drop in the price of silver, we are somewhat behind in the way of obtaining news and so, until a few days ago, I failed to see the so-called "New Silver Party of Nevada," ticket as it appears in our local paper.

About the same time I noticed Judge Fitzgerald's declaration to accept a place on the ticket.

It struck me all at once that there was a splendid chance to re-christen the new party and give it a most appropriate name provided one of its founders and apostles was placed on the ticket in the place of the "no thank you" of the Judge. Why not give Mr. Eugene Howell the nomination for United States Senator and then with Sadler for Congress, call it the "Anti Labor Union Party of Nevada?"

Ever since the campaign of 1902, the entire State has teemed with Mr. Howell's anti labor record, we all knew it, we all know it and oh my, how we remembered it on election day. But how about the would-be Congressman? Let me say, Sir, that Howell's anti labor record is not a patch on that of Sadlers. It is a long time ago but it is not yet forgotten, by us boys, by a long shot, that this same Sadler was one of the most virulent members of that delectable organization the defunct "Eureka Citizens Protective Association" as it was called, which was called into existence by its farther, the Devil, for the purpose of breaking up the Ruby Hill Miners' Union, and which, as a matter of fact succeeded in its nefarious designs.

This time Sadler was one of the most loud-mouthed of the anti's, was a member of its executive committee and usually showed his ill-will to the miners, twelve of whom were locked in the Grand Jury room over the county jail, which was the bullpen of those days, by giving the three taps of the Rescue Hose bell; the signal agreed on, for the meeting of the illegal association.

It was in Sadler's cellar the rifles were stored which were gathered for the purpose of intimidating the miners, if not for a more diabolical purpose, whilst his store, he had a large one in those days, gave the anti union some of its most active members besides himself. Now then I say, give Howell the place on the ticket for U. S. Senator and with Sadler already on, for Congress, let us call the new gold bug annex by its most appropriate name "The Anti Labor Union Party of Nevada."

What do you say, Mr. Editor?

Yours

A Ruby Hill Miner of 1885.

A man was arrested Thursday at Montecello in whose possession was found a kit of burglar tools consisting of a brace and a lot of highly tempered drills blow pipe, small pump, a lot of black powder, some fuse and other implements of the craft. He was taken to Elko and the grand jury will look into his antecedents.

Rev. Darnelle was among the passengers to arrive on Sunday's passenger.

Louis Breveir, of the Reno Jockey Club, spent yesterday in this city. He states that the boys are going to have a lively race meeting.

TERRIBLE WRECK.**Trains Collide Near Reno... Two Killed and Many Injured.**

RENO, Sept. 12—One of the worst wrecks that has taken place on the Southern Pacific in Nevada in many years, occurred near Laughtons, a few miles from this city at noon today.

Passenger train No. 5, West bound, ran head on into a special train, East bound. The East bound train was filled with Knight Templars of Massachusetts, and that the death rate is not higher is a wonder to all who have seen the wreck. When the rains met most of the trainhands managed to escape. H. Davis, a fireman, and Al. Hicks a coal passer were killed outright the others jumped from the engines before they locked horns.

When the passengers were gone over it was found that on the two trains twenty people were more or less injured and several of the Knights are in a serious condition.

As soon as the wreck was reported, assistance was sent from Reno. Aside from the physicians who went to the scene several hundred people went to the scene of the wreck which is total. Four great engines are reduced to twisted iron and are fit only for the trash pile. They are piled one on top of the other and that anyone escaped alive is a wonder.

The wounded have been made as comfortable as possible and everything in the power of the people is being rendered. The train wrecking crew is on the scene but it is not believed that the wreck can be cleared before noon tomorrow.

Accidental or Intentional?

Ed. Appeal:—Possibly you did not notice that the News' report of the Labor Day parade at Virginia City, omitted any mention of the Governor and Staff who headed the procession? The News report placed the Sheriff of Storey County and his deputies at the head of the big procession and made no mention of the Governor and his staff or the enthusiastic welcome John Sparks received at the hands of the people who attended that celebration of Labor day. Now some people hold that the News omission of the Governor and staff was merely a typographical error, the dropping out of a line by accident and others insist it is one of this narrow little flings that the News people consider "good politics."

We would like to publish this in the Appeal and allow the News to make such explanation as it deems proper, but we think that if there was a deliberate attempt to belittle the Governor and also the Labor parade that some of us would like to know it.

Some Union Men of Ormsby.

The Appeal noticed the omission and reached the conclusion that it was merely a typographical error, as no paper of any standing would go out of its way either to snub the Governor or the marching toilers who appeared in that splendid parade. Now that the attention of the paper, has been called to it, there will no doubt be a proper apology both to the Governor and staff and the laboring men who marched in the procession.

The train was late again last evening. People are getting used to it, as it is an every night occurrence, owing to poor connections on the C. & C.

Ed. Burlington who has been taking in the sights at the Bay was among the arrivals on Sunday.

MAY FIGHT IN NEVADA.**Corbett and Britt Have Their Eye on Carson for Championship Battle.**

A special dispatch to the San Francisco Examiner is as follows:

NEW YORK, September 9—That Jimmy Britt, and young Corbett may fight their championship battle at Carson City is not unlikely. The Nevada promoters are anxious to secure the contest and when the match was at first announced an offer of \$25,000 was made. According to a telegram just received by "Young Corbett" this offer has been renewed, and he is in favor of accepting it in view of the fact that finish fights are permitted in Nevada.

On next Thursday Corbett and Britt's representatives will get together and talk the proposition over. When an agreement was signed several months ago while Corbett was in England, it was agreed to arrange details on September 15th and it is now up to the little fellows to get together. At the present time Britt is in San Francisco and Corbett is in this city.

In speaking of his proposed match Corbett, today said:

"Yes it is true that I have received an offer of \$25,000 from Nevada promoters. This is a pretty good sum to fight for and I am inclined to accept it unless we are offered better inducements."

"In a finish fight there can be no question as to which is the better man and it takes away the power of an unjust referee."

Dr. Gibson Endorsed.

There was a meeting of the Democratic and Silver Central Committees of Ormsby County last evening relative to the state of affairs at the Asylum. It was the unanimous opinion of those present that the opening gun of the campaign should be fired at the asylum in Reno and the Republican now there as Superintendent, should be replaced by a Democrat or Silverman. The fact that Dr. Patterson had prepared a banquet at the Asylum to entertain Secretary Shaw of the Roosevelt Cabinet was regarded as an open defiance of the party by Patterson and that the gauntlet thus thrown down should be taken up at once.

It was resolved to place Ormsby county on record at once as opposing any further delay in the matter. A poll of those present was taken and Dr. Gibson was the unanimous choice of the caucus.

The result of the caucus will be laid before the Executive Committee today.

Should do Politics.

A good many people are wondering why a banquet was prepared at the Reno Asylum by Dr. Patterson, in honor of Secretary Shaw, a member of the Roosevelt Cabinet. Dr. Patterson has always held that there should be no politics in the Asylum, but since his resignation was called for by the Board he seems to have changed his mind. The story that Gov. Sparks and Dr. Patterson was to give the banquet is without foundation. The Governor had nothing to do with it.

The Appeal thinks that a stop should be put to banquets in honor of prominent Republicans being given at State institutions controlled by a Democratic Board. The shortest cut would be to elect a Democratic Superintendent immediately. The campaign is on and the Board should lose no time in "doing politics."

A Lively Business.

Sunday morning's passenger train was loaded to the guards with passengers for all points along the line. The coaches were packed to standing room only. Over ninety passengers were on their way to Tonopah and the Goldfield section. The same condition was nearly duplicated yesterday when the passenger train came in with nearly all its coaches crowded. There is no use shying at the fact, Nevada is attracting attention from nearly every quarter.

Mr. McMillan of the Park Hotel, who has been spending several weeks in the Goldfield section, has returned to this city. He is greatly impressed with what he saw and will make another trip out that way.

Ed. Burlington was a departure for the Comstock on yesterday's passenger.

Will Wilson came over from Reno Sunday and spent the day in this city.

Senator Brougher, and family, who have been taking in the big time at the Bay, has returned to this city.

here at all times. We are constantly seeking and receiving new goods to supply the demands of our customers. One is always sure to find the newest and best.
